Kendi Smith was diagnosed with Lymphoma Cancer September 2007. After treatments she was told the Cancer was gone. A couple months later, scans showed that the Cancer was back. She is now going through a Stem Cell Transplant. We are all praying for her full recovery. After 3 weeks in the hospital, Kendi's mom will be out of leave time on her job. As a single mother they will need our help. Therefore, Terri Mays along with the 1st & Georgia Church of Christ is hosting a Benefit Concert.

We are asking for a \$40 donation per family and \$20 for singles. If you are unable to attend, please consider sending your donation in care of Terri Mays to 1216 Shepherd Street in Chickasha, OK 73018. Make checks payable to 1st & Georgia Church of Christ.
